BACKGROUND INFORMATION

DITTA is the united global industry voice for diagnostic imaging, radiation therapy, healthcare IT, electromedical and radiopharmaceuticals, representing more than 600 medical technology manufacturers, committed to improving health care and patient outcomes. DITTA was created in 2001 by four organisations: COCIR (Europe), JIRA (Japan), MEDEC (Canada) and MITA (United States). In 2012, DITTA was incorporated as a non-profit trade association in order to allow growth and enable partnership in global regulatory fora. Since its inception, membership has grown significantly, and today counts ten associations amongst its members. In 2015, DITTA granted the NGO status in official relationship with World Health Organization. Visit DITTA website at www.globalditta.org
